Balochistan.

TO WHOM IT MAY CONCERN

M/s Infradev is our approved vendor for the fabrication of underground fuel storage tanks and also for the fabrication and installation of canopy at different retail outlets.

They are working with us for more than 4 years and during the course of work, we found them very professional and committed towards excellence of work. In addition they possess good workshop facility and till date no complain has been registered against them. Work delivered by them was according to our standards and specifications.
